

Hunmanby Primary School

Health and Safety Policy Guidelines Educational Visits

RATIONALE

Safely managed educational visits with a clear purpose are an indispensable part of a broad and balanced curriculum and a vibrant part of Hunmanby as a successful school. They are an opportunity to extend pupils' learning and enrich their appreciation and understanding of themselves, others and the world around them. They can be the catalyst for improved academic performance, a lifetime interest or in some cases professional fulfilment. They are to be encouraged.

PURPOSE

1. To ensure that every pupil has the opportunity to benefit from educational visits.
2. To ensure all visits are safe, purposeful and appropriate to meet needs of pupils taking part.
3. To enable the school to identify appropriate functions, responsibilities, training, support and monitoring for all Governors, Heads, staff, helpers, pupils and providers involved in education visits.
4. To comply with LEA 'Code of Practice and Guidelines for Educational Off-Site Visits and Activities' and keep up to date with further advice.
5. To meet DfES guidelines (1998) entitled 'Health & Safety of Pupils on Education Visits' (HASPEV) and DfES 3 part supplement any guidance published July 2002.
6. To ensure where appropriate further advice is sought from LA and other technically competent personnel.

BROAD GUIDELINES

Key Point - These guidelines can be captured simply in four words:

PLAN - DO - REVIEW - RECORD

APPROVAL

- All visits are linked to the school aims and where possible planned and approved well in advance in accordance with visits planning procedures.
- Governors will be informed of all visits but delegate approval of low risk and routine visits and occasional opportunities to the Head teacher.
- After Head teacher's approval all higher risk visits including adventurous activities, residential experience and foreign travel will be submitted for Governors' approval.
- Where appropriate LA approval and further technical advice is sought.
- Our appointed Educational Visits Coordinator is Laura Collier-Woods.
- The EVC identifies and records with the minimum paperwork, qualifications, training, development induction and apprenticeship arrangements for all group leaders.
- The EVC approves group leadership, planning checklist, risk assessment, management and evaluation of all visits.
- There is a named Group Leader (and where appropriate, deputy) on all visits.
- The Group Leader ensures sufficient staff and helpers of the right experiences are checked (CRB if appropriate) and briefed throughout the visit.
- The Group Leader ensures risk assessment and management including generic, site specific and ongoing are undertaken and recorded.

- The Group Leader ensures Best Value principles are used when selecting providers, appropriate checks are made, insurance and financial support procedures are followed.
- Group Leaders ensure a named person, emergency procedures and systems for recording and sharing information on accidents and near misses are in place before briefing pupils and parents.
- Group Leaders, where possible, undertake exploratory visits or seek references from other schools if using new venues.

PARENTS

- Within school prospectus parents will be given details about Education Visits practice safety procedures etc.
- Parents will be given sufficient written and other information about all visits to make informed decisions and give written consent, medical and contact details.
- Where appropriate for high risk, residential and foreign visits meetings with parents will be arranged.
- Expectations of behaviour and codes of conduct will be explained to parents. This will include the need to meet the cost and make arrangements for collecting children in certain circumstances.

PUPILS

- Pupils are briefed about aims, expectations and codes of conduct for all visits. Ongoing briefings are an important part of learning and safety.
- Where possible pupils are involved with planning, developing codes of conduct, assessing/managing risk and evaluating their own attitude, behaviour, development and learning.

CONCLUSION

Although part of health and safety policy, educational visits are an integral part of the curriculum plan and strategies for learning. It should be closely linked to equal opportunities, special needs, policies for inclusion and staff development.
